Village Goathana for S.C.s people --- Disforestment of R.S. Nos 446, 526 and 481 of Hiregutti Village in Kumta Taluka.

Letter No. S 105/III/187, dated 12-7-1957, from the Collector of Kanara.

A 1297/F 4058

The Collector has recommended that Hallers of Hiregutti should be provided with housing sites. He has proposed that 10-32 4 9 out of R.S. No. 446 and 13-24 4 9 out of R.S. No. 481 of Hiregutti should be assigned for the housing site of Hallers after disforestment subject to certain conditions. On further enquiry with Collector by the Div Comm the Collector has reported that the petitioners ~~Hallers~~ are not willing to go to settle in the R.S. 481. But the Medical Officer of Public Health has opined that the sites are suitable for the purpose.

The Div Comm has also recommended the proposal. As the proposals have not been delimited either through the Conservator of Forests or C.C.F., the matter may be referred to the C.C.F. for his opinion reg disforestment of land. ~~By the way the~~ Dir of S. Welfare may also be requested to report to Govt whether the applicants ~~Hallers~~ are willing to go settle on the proposed new sites if they are assigned for the purpose. A draft letter to the C.C.F. & the Dir of S.W. are put up for approval.

No.S 105/III/187 Karwar, 12-7-1957.

Subject: Lands : Kanara
Village Gaothana for Scheduled Castes people ..
Disforestment of F.S.Nos.446,526 and 481 of Hiregutti village in Kumta taluka.

In submitting herewith the correspondence ending with endorsement No.San/site/20/1965 dated 17-6-1957 from the Medical Officer of Health, W.D., Kanara, I have to state as follows:-

The Commissioner for Scheduled Castes and Scheduled Tribes has proposed that the Hallers of Hiregutti village should be provided with house sites etc. The Prant Officer, Kumta Division was asked to formulate the proposals in this respect. Accordingly, he has submitted proposals for lay out of plots in Hiregutti village for the rehabilitation of Hallers and Agers (Scheduled Caste people) of Yennemadi and Hiregutti villages in Kumta taluka. The detailed report No.TRD 9287 dated 24-3-1957 from the Prant Officer enclosed at pages 133 to 138 of file II may please be perused.

The Prant Officer has proposed for grant of an area of 11-7-0 (10-32-0 in F.S.No.446 and 0-15-0 in unassessed S.No.526) for plots for Hallers of Yennemadi village and an area of A. G. 13-24-0 out of F.S.No.481 for plots for Hallers and Agers of Hiregutti village as per the

p.t.o.

sketches at pages 113 and 123. At present, there is demand for 88 plots only, the remaining 69 plots having been laid out to meet future demands for house sites.

The Prant Officer in the course of his report, has also said that there is burial ground in the S.Nos.523 and 526 of Hiregutti and that it needs be removed away from these sites to a safer distance i.e. to F.S.No.447 to which the villagers have no objection. To obviate this difficulty, action is being taken by this office separately for shifting the cemetary in S.Nos. 526 and 523 to some other suitable place at a sufficient distance in the adjoining F.S.No.447 in consultation with the health authorities.

The Divisional Forest Officer, W.D.,Kanara who was consulted in the matter, has no objection to disforest the area in question for the purpose (vide D.F.O's No.G/11/863 of 1957-58 dated 29-4-1957 at page 141 of file II), except that he remarks that grazing area for the village is inadequate. But, as the provision of house sites for backward people should take precedence over other village needs like grazing area etc., the remarks of the Divisional Forest Officer need be overlooked.

The Medical Officer of Health, W.D.,Kanara, has approved the sites for lay out of residential plots from the public health point of view and has proposed that the plots of 5 gunthas each is quite reasonable (page 143 of File II).

The area proposed for disforestment exceeds the limit of 5 acres prescribed in Government Resolution, Agriculture and Forests Department

No.FDM 1054 dated 20-4-1955 and as such, according to paragraph 11(a) of the G.R.,A.& F.D.No.FDM. 1054 dated 28-1-1955 of Bombay Government, the area cannot be ordered to be disforested by the Collector.

Under the circumstances, I request that Government may please be moved to accord sanction to disforest an area of 10-32-0 (A. G.) out of F.S.No. 446 and 13-24-0 (A. G.) out of F.S.No.481 of Hiregutti village in Kumta taluka for the purpose of lay out of residential plots of 5 gunthas each for the Hallers and Agers of Yennemadi and Hiregutti villages subject to the following terms and conditions:-

1. The tenure shall be new and impartible.
2. The plots should be granted to only the Ager and Haller families (pages 75 and 89 of File II) on recovery of nominal occupancy price of rupee one per plot.
3. The grantee shall erect their residential houses within 2 years from the date of grant in conformity with the building rules in force.
4. The grantees shall pay the measurement fees.
5. The grantees shall pay the non-agricultural assessment to be fixed by the Prant Officer under Rule 81(2) of the Land Revenue Rules.
6. The grantees shall reserve the public rights, such as public way etc. in the land.
7. The grantees shall execute the kabulayat in Form 'H' appended to Land Revenue Rules embodying the above mentioned additional conditions.
8. The grant shall be liable for cancellation for breach of any of the above conditions.

Submitted through the Divisional Commissioner, Belgaum.

2. The Collector has proposed to move Government to disforest an area of 10 acres and 32 gunthas out of Forest S.No.446 and an area of 13 acres and 24 gunthas, out of Forest S.No.481 of Hiregutti for being granted to the backward class people of Yennemadi and Hiregutti villages respectively for residential purpose. The case papers do not show the actual distance between the said two forest S.Nos. and as also the distance between the said two villages, since no such combined sketch showing the location of the said S.Nos. and the villages etc.is furnished. A sketch showing the locations of the existing gaothans of Hiregutti and Yennemadi villages and the S.Nos.proposed to be disforested may please be furnished for reference.

3. The area of the Forest S.No.481 is 193 acres and 24 gunthas. The Collector is, therefore, requested to state why an area of about 25 acres out of the Forest S.No.481 alone should not be proposed for disforestment to meet the demand for residential plots of the villagers of the said two villages, as it may also be more advisable to do so since the question of shifting the burial ground from S.No.526 may not then arise. If however, this cannot be done, the Collector may consider whether it would be proper to allow the backward class people to use the Forest S.No. 526 which is at present used as a burial ground for residential purposes.

With reference to H.O.No.DSW/DC 3/402/58 of 3-7-58 on the subject mentioned above, I enclose a statement of Sch. Caste people (halleers ) of Yennimadi taluka Kumta and State that they are willing to go and settle on the site slected in F.S.Nos.481 of Hiregutti.

I contacted the leaders of these Sch. castes and also local leaders who are of one opinion to settle on a Forest survey number already proposed.

It was doubted that there may be a little group in the village who oppose for the idea of reformation of these people and bring implements in their up brining. The site selected is suitable for Housing Sch. Castes will be induced even to the last family to settle on these sites.

It is therefore submitted to kindly take action to grant these forest survey numbers for housing Scheduled Castes of Yennimodi and Hiregutti.

I have submitted a copy of this letter to the Deputy Commissioner for information.

2. In this case, the Deputy Commissioner, Kanara, has proposed the following forest areas for rehabilitation of the Hallera and Agera (Schedule caste people) of Yenne-adi and Hiregutti villages in Kumta Taluka after diaforest-ent.

| Village. | F.S.No. | Area proposed. |
|---|---|---|
| Hiregutti | 446 | 10-32-0 |
| do- | 481 | 13-24-0 |

The above areas do not contain any treegrowth. Since the areas are proposed for laying out of residential plots for the Hallera and Agera of Yenni-ade and Hiregutti villages, I have no objection to the diaforest-ent of the above areas for the above purpose. But, however, I point out here that the grazing area of the village is in adequate (i.e. 400 A.- 26 g.-0 a-) as against 1097 (cattle).
